

FRAUD ^{DATA} ANALYTICS SERIES

Presents –
**THREE ENGAGING
PLATFORMS* IN
SINGAPORE**

**Each platform can be registered individually*

"A scheme aimed at promoting lifelong learning among Singaporeans allegedly became the target of a criminal syndicate that is said to have made bogus SkillsFuture claims totalling nearly \$40 million, before being caught out in October."

~ THE STRAITS TIMES PUBLISHED ON 19 DEC 2017

How can organizations prevent, detect and investigate fraudulent activities through data analytics?

Join us in the platforms whereby our platform facilitator, Mr. Leonard Vona will **provide a proven fraud data analytics methodology** and how to **use data analytics to respond to the risk of fraud in real life fraud risks**. In a **highly interactive learning environment of a small class size**, Mr. Vona will provide practical insights into the following topics for each platform:
